

Wencor is an Exclusive or Preferred Distributor for:

PMA Products is well known for supplying a variety of parts for the GA market for applications such as Piper, Beech, Cessna, Mooney and the PT6A engine. Wencor is a distributor for PMA products on parts such as gaskets, bushings, bearings, switches, diaphragms and brich block assemblies.

Wencor is the exclusive distributor for Qualiseal's line of mechanical face seals, labyrinth seals, mating rings and oil seal retainers — which have application on PT6A and PT6T engines.

Wencor is a preferred distributor for the Rdf Thermocouples, Gaskets, Adapters and Plate Seals that have application on the PT6 and PW100 engines.

Ice Shield de-icing systems, a subsidiary of BE Aerospace, is the manufacturer of pneumatic and prop de-ice boots for a wide variety of Business Aviation and General Aviation aircraft. Applications include: Beech 99 and 1900D, King Air, Cessna Caravan, Embraer 110, DHC-6, Dornier 228, Cessna Citation, PC-12, Jetstream 32 and smaller Beech and Piper GA aircraft. Wencor is a preferred supplier and a stocking distributor for Ice Shield.

Saf Air is well-known for the manufacturing of Oil and Fuel Drain Valves that have application for a variety of general aviation aircraft, such as Cessna, Piper, Mooney and others. Their unique valves are manufactured with an oring on the stem to seal against the flat seat on the body. Wencor is a preferred supplier for Saf Air.

Wencor is a preferred world-wide distributor of RCF seals, ducts and gaskets. These FAA approved products have been in use for years in aircraft applications where temperature and chemical compatibilities are an issue.

Parker Stratoflex - Wencor holds QPL approval and is a FAA - TSO hose assembly shop. Wencor also stocks and distributes bulk hose, fittings and hose assemblies.

Wencor is the exclusive distributor for Eaton's line of mechanical seals, pneumatic systems and solenoid valves used in commercial, business, regional and military aircraft. Products are engineered for major aerospace manufacturers such as GE, Pratt & Whitney, Rolls Royce, Airbus, Boeing, ATR, Fairchild, Dornier and Bombardier.

Greene, Tweed & Co. is a leading seal supplier to the aerospace industry. Applications include, landing gear, flight controls, wheel and brakes and fuel systems. Their products are used in virtually every commercial and military aircraft.

Trelleborg is a leading supplier of sealing solutions to the aerospace industry. Applications include airframe, engine, landing gear, flight controls, wheels and brakes. Busak+Shamban products are used on most of the world's commercial and military aircraft.

Timken is leading the way from aircraft to missile guidance systems and technology with precision bearings and high-performance specialty steels for aerospace applications. Wencor is authorized to distribute Timken's tapered wheel bearings and its aerospace and super precision product lines.

Wencor is a Stocking Distributor for:

- AECI
- Aerospares
- Air Controls
- Airfasco
- Airtomic
- Alcoa Fasteners
- American Seal
- Anillo Industries
- Ateliers de la Haute-Garonne
- Atlantic Aero
- B/E Aerospace
- Breeze
- Busak+Shamban
- California Precision
- California Screw
- Capplugs
- Cardinal Aerospace
- Coorstek
- Eaton
- Garlock
- General Electric Lighting
- Greene, Tweed & Co.
- H.K. Fittings
- Hutchinson
- Jet Parts Engineering
- John Hassall
- K & S
- Meggitt
- Moeller Mfg. Co.
- Parco
- Parker Advanced Products
- Parker Chomerics
- Parker Seals
- Parker Fluid Connectors - Stratoflex Products Division
- PMA Products
- Precix
- PTI
- Purolator
- Quest Aviation
- RBC
- RCF Technologies
- Saint-Gobain-Performance Plastics
- Sargent Aerospace
- Scraper Rings Company
- Shamban
- Simrit
- Sonic Industries
- Stillman Seal
- The Memphis Group
- Timken
- Umpco
- Van Petty

Thousands of Parts
JUST A CLICK AWAY

Customer Service

Wencor is the industry leader in friendly customer service.

- Over 150,000 line items
- Prompt RFQ response
- Same-day shipping
- Engineering support
- On-line catalog/ordering
- SPEC 2000 capable
- 24-hour AOG support
- Multilingual sales representatives

WenStock™

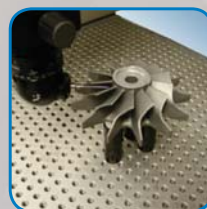

A premier on-site delivery program utilizing proven technology designed to:

- Improve replenishment cycle time
- Reduce inventory investment
- Reduce supply chain administration costs

E-Commerce

- Obtain quotes in real-time
- Process multi-line orders
- Search for alternate parts
- See stock on hand or lead-times
- Track orders
- Find parts based on next higher assembly using PEPET™
- Utilize our electronic file cabinet and see invoices, packing slips, PMA supplements and all certification documentation

Quality Assurance

- ISO9001/AS9100 certified
- FAA ODAR inspectors on-site
- FAA/JAA approved systems
- FAA AC-0056A accredited
- Full traceability & documentation
- AS and MIL-SPEC QPL approved hose assemblies

BUSINESS AVIATION

The Wencor Advantage:

Since 1955, Wencor has been providing proven parts and reliable service to airlines and MRO facilities worldwide. Quality is Wencor's primary concern as we deliver FAA Certified seals, bearings, and hardware.

Worldwide Distribution Team: Wencor's experienced sales team ensures you receive a steady flow of parts, delivered on time from stocking facilities in Florida, Georgia, Utah, The Netherlands, Singapore, and China.

Sourcing Power:

As the leader in aerospace parts delivery systems, Wencor offers a broad product offering. Our volume allows us to give you great pricing and parts availability.

PMA Development:

Since 1985, Wencor has developed hundreds of PMA parts, providing an alternative to high priced OEM parts. Wencor also has on-site FAA ODAR authority.

Wencor Specializes in:

SEALS

As an industry leader in aerospace seals, Wencor purchases only from the best manufacturers. We supply seals to virtually every airline in the world.

BEARINGS

Dixie Aerospace, a subsidiary of Wencor, is an approved supplier for the most popular and successful aviation bearings manufacturers in the world, including Barden, Kamatics, NHBB, RBC, Rexnord, and Timken tapered wheel bearings.

HARDWARE

Wencor stocks thousands of standard aerospace seals and hardware that meet AMS, AN, ANS, MS, NAS, and NSA specifications. With our AOG and e-commerce capabilities, you can order parts anywhere in the world at anytime and receive timely delivery.

KITTING

Wencor is known around the world for its expertise in making and delivering kits. Kit applications include: 8T6 100 Kits, PT6 Fuel Nozzle Kits, PT6 Hot Section Kits and Lean Falcon, Hawker Citation Engine Change Kits.

HOSES

Wencor operates an FAA-TSO Parker Stratoflex hose assembly shop, holds QPL approvals, and also stocks and distributes bulk hose, fittings and hose assemblies.

FILTERS

Wencor stocks and distributes a variety of filters for airframes, fuel pumps, engines, IDGs, APUs and CSDs — from suppliers such as Purolator and Western Filter.

Maintenance Parts:

Wencor holds FAA-PMA approval on hundreds of parts for maintenance:

PT6A & PT6T

Engine, gearbox and fuel pump parts; carbon face seals, labyrinth seals, mating rings, fuel nozzle gaskets, thermocouples, oil seal retainers, nuts, washers, rivets, diaphragms, matched gear sets.

TPE331

Bearings, tube assemblies, filters, ring seal.

CJ610/CF700

Turbine nozzle partitions, seals, orings, bearings, shroud sectors

A501-D

Seal assembly, labyrinth seals, coupling

LTS101

Seals

JT15

Fuel Pump Seal

Lear, Falcon, Hawker

Hot section ducting seals, engine change kits, bearings, seal assemblies, bushings.

Wencor DER Repairs

Wencor specializes in the repair of PT6 screens, tubes and insulation blankets, as well as wiper blades for a variety of Business Aviation aircraft. With our quality repairs and quick TAT, Wencor is the perfect choice for a repair partner.

Scavenge/Oil Tubes

- Type of Service: Overhaul
- Average turn time: 1.6 days
- Rotable pool available

Air Inlet Screens

- Type of Service: Overhaul
- Average turn time: 1.8 days
- Rotable pool available

Insulation Blankets

- Type of Service: Repair
- Average turn time: 2.3 days

Wiper Blades

- Types of Service Available: Repair
- Turn Time: 24-48 Hours (1.3 day average)
